FCC, Just a word about the NAB's petition to limit XM radio's Instant Traffic & weather programming. I believe that XM radio, is the best thing to come out in a long time. I for one would not like to see a limit on the programming like Instant Traffic & weather! This programming has been a huge help to me in my many trips in our Motorhome. Please reject the NAB's petition to block this very valuable programming. Thank you for your time in reading my comments. Scott Wilson
